Impacted Customers

18th St, Cleveland to River & Harrison Ave, 18th to 19th

From approximately 5/10/2010 through 9/1/2010, the City and BPW plan on replacing select water, wastewater & storm water systems, sidewalk and roadway at the above-referenced locations. Construction plans should be complete in March.

We invite you and your neighbors to join us for an informal, open-house style meeting to ask questions and discuss project details. The open-house will be held on Thursday 12/17/2009 from 4:00 PM to 6:00 PM at Maple Avenue Ministries Church, 427 Maple Ave.

One of our concerns associated with this project include locating and addressing footing and sump pump drains. If you have any information regarding your drain, please bring it to the meeting or provide it to Ben at the number below.

Please keep this contact information handy as questions arise and check our website for project updates. Thank you.
