

**Holland Board of Public Works  
Public Lighting/Security Lighting  
Rate D**

**Effective Date:**

Rate effective for bills issued January 1, 2012 and thereafter.

**Availability:**

- A) For Public Street Lighting:** In areas where customers are served from the Holland Board of Public Works (HBPW) regular street lighting system.

The City or local governing body shall own the lighting equipment and appurtenances.

Lighting fixtures shall be energized from dusk until dawn each day except as noted in the rate schedule.

- B) For Security Lighting:** In areas where service is supplied from overhead distribution systems within the HBPW service territory.

The HBPW shall own and maintain all security lighting equipment and appurtenances.

Lighting fixtures shall be energized from dusk until dawn each day.

- C) Street or Security Lighting Ownership:** Street or Security Lighting owned by the customer must be approved by the HBPW and must be metered to be billed under this rate schedule.

The HBPW reserves the right to an annual energy audit. All costs associated to maintaining the street or security lighting equipment and appurtenances are the sole responsibility of the owner.

**Rate Per Month:**

**Decorative Pedestrian Globe Style Street/Security Lighting:**

BPW maintains light and photocell. Additional labor and materials are billed separately.
