

Security Lights

Can You Afford to be left In The Dark?

HBPW Outdoor Lighting is very affordable

All you pay is a flat fee - from \$7.52 a month for smaller lights or \$9.02 to \$17.74 a month for larger lights. Any of our engineers will help you select the right light, at the right price for you.

HBPW Outdoor Lighting provides the best value for your home or business

- **Free Installation**

The HBPW will furnish a complete dusk to dawn lighting unit, including wooden pole and up to (1) span of wire not exceeding 160 feet. Note: Distances requiring greater than 160 ft of wire will be charged to the customer as an installation charge.

- **No Repair or Replacement Costs**

If your light is ever broken or needs to be replaced, you pay nothing. HBPW pays for all repairs and replacements.

- **Risk Free**

After two years you can cancel HBPW Outdoor Lighting at any time, with no penalty or remaining financial commitment. Note: If the service is disconnected at the customer's request at any time for the 24 month period, the balance that would be billed for the remaining portion of that minimum period will become immediately due and payable calculated as the number of months remaining times the monthly determined rate in effect at the time of installation.

- **Total Satisfaction Guarantee**

For seven days you can call us back to make any adjustment - or to take the fixture away - no questions asked.

- **More Light - Less Cost**

You can get more light at less cost from our high efficient, high output lighting - in fact *up to one hundred and sixty five times more light* than a standard 60 watt household light bulb!

Hundreds of HBPW customers take advantage of Outdoor Lighting. Why?

Security

Law enforcement agencies all agree - more light usually means less crime, less vandalism, more security. Unlit premises are an open invitation to a thief.

Endorsed by HPD

Your Holland Police Department recommends HBPW outdoor lighting to improve security for your business or home.

Safety

Lighting reduces accidents - for a business this might mean less liability and longer operating hours - for homeowners it means a safer place for friends and family who visit at night.

Please contact the Engineering Department at 355-1603 to make an appointment to help you select the outdoor lighting fixture that is right for you.

Holland Board of Public Works

APPLICATION FOR SECURITY LIGHTING

HIGH PRESSURE SODIUM LIGHT

APPLICANT: _____

LOCATION: _____

WORK ORDER NUMBER: _____ DATE SET: _____

| NUMBER OF UNITS REQUIRED | WATTAGE | INITIAL PER-UNIT MONTHLY CHARGE |
|-----------------------------|----------|------------------------------------|
| | 70 WATT | \$9.30 |
| | 150 WATT | \$11.53 |
| | 250 WATT | \$18.46 |
| | 400 WATT | \$23.29 |

REGULATIONS

THE HOLLAND BOARD OF PUBLIC WORKS will furnish and install a complete dusk-to-dawn lighting unit, including pole and up to one (1) span of wire not exceeding 160 feet. Distances requiring greater than 160 feet of wire will be charged to the customer as an installation charge. The unit is controlled by a photoelectric cell—switches are not permitted. Any applicable state and federal tax will be added to the above fee. No discount will apply to charges for security lights.

CUSTOMER HEREBY GRANTS easement for necessary pole or poles and the right of ingress and egress to service the lighting unit.

CUSTOMER HEREBY AGREES to pay the monthly charges shown above for a minimum of twenty-four (24) months. If the service is disconnected at the customer's request at any time in that 24 month period, the balance that would be billed for the remaining portion of that minimum period will become immediately due and payable calculated as the number of months remaining times the monthly rate in effect at the time of disconnection.

All rates are subject to change without notice.
