

NOTE: Provide a meter for each separately billed customer and valving that enables the BPW to operate and maintain each water customer's service independently, without disrupting water service to other customers.

CASE I: EXISTING BUILDING CONVERTED INTO A DUPLEX

NOTE: Provide a meter for each separately billed customer and valving that enables the BPW to operate and maintain each water customer's service independently, without disrupting water service to other customers.

CASE II: PROPOSED NEW DUPLEX BUILDING

NOTE: Provide a meter for each separately billed customer and valving that enables the BPW to operate and maintain each water customer's service independently, without disrupting water service to other customers. The BPW requires 24hr/day "unlimited free access" to meter utility rooms.
