

**Holland Board of Public Works
Broadband Residential Active Ethernet**

Effective Date:

Rates effective for bills issued on or after July 1, 2017.

Availability:

Available for all Residential customers.

Character of Residential Active Ethernet Service:

Residential Active Ethernet is a private network option that allows two or more locations to connect. Residential Active Ethernet can be used to connect a residence to an Internet Service Provider or a business network. Residential Active Ethernet does not take the place of an Internet Service Provider (ISP). Additional Internet Service fees from ISP will apply.

Rates:

Bandwidth	Amount Per Month	Additional Amount per Month without one-time fee
1 Mbps	\$13.00	\$5.00
3 Mbps	\$22.00	\$5.00
5 Mbps	\$28.00	\$5.00
10 Mbps	\$35.00	\$5.00
20 Mbps	\$40.00	\$5.00
50 Mbps	\$50.00	\$5.00

Setup Fee Options:

- One time setup fee of \$200.00 or
- Additional 5.00 per month for four years
- Construction fee where the anticipated present value of the net revenues over the first four years are less than required by the cost of the project. This contribution in aid of construction will equal the difference between the installation costs and the allowable extension costs.

Terms and Condition of Service:

Service will be further governed by the Holland Board of Public Works Terms and Conditions.

Approved:

Board of Public Works, June 12, 2017
Holland City Council, July 19, 2017

Holland Board of Public Works Broadband – Dark Fiber

Effective Date:

Rates effective for bills issued on or after January 1, 2021.

Availability:

Available for use to all customers. Each request will be evaluated and approved on a case by case basis. A Dark Fiber Lease Agreement will be required.

Character of Dark Fiber Service:

Lease of dark fiber from point to point. This does not include electronic equipment at either end. Colocation services are available to dark fiber lease holders as an option.

Rates:

Description of Service	Amount Per Month
From Point to Point	\$0.0105 per foot per strand
1U Colocation Rack-Unpowered	\$40.00
1U Colocation Rack-Powered	\$60.00
Development Fee	Variable one-time charge

Minimum Charge:

- The aggregate minimum billing per customer is \$1000.00 per month.

Construction Charge:

- The actual cost to build new fiber outside plant and/or colocation service will be billed upon completion.
- Development fee is a one-time charge for expenses incurred for service activation. This includes fiber construction, splicing, termination and power requirements.

Terms and Condition of Service:

Service will be further governed by the Holland Board of Public Works Terms and Conditions.

Approved:

Board of Public Works, January 11, 2021
Holland City Council, January 11, 2021

Holland Board of Public Works Broadband – Active Ethernet

Effective Date:

Rates effective for bills issued on or after July 1, 2017.

Availability:

Available for all business customers.

Character of Active Ethernet Service:

Active Ethernet is a private network option that allows two or more locations to connect by using a broadband data connection to Internet Service Provider (ISP) or Private Network (VLAN Point to Point) connection. Active Ethernet can be used to connect a business to a business network. It could also be used to create a network between multiple business locations. Active Ethernet does not take the place of an ISP. Additional Internet Service fees from ISP will apply.

Rates:

Bandwidth	Amount Per Month	Bandwidth	Amount Per Month
0.5 Mbps	\$35.00	100 Mbps	\$350.00
1.0 Mbps	\$40.00	200 Mbps	\$400.00
3.0 Mbps	\$60.00	300 Mbps	\$450.00
5.0 Mbps	\$80.00	500 Mbps	\$550.00
10.0 Mbps	\$150.00	1000 Mbps	\$750.00
20.0 Mbps	\$175.00	2000 Mbps	\$1500.00
30.0 Mbps	\$200.00		
50.0 Mbps	\$250.00		

Additional Fees:

- One-time set-up fee - \$550.00 per connection
- Engineering fee - \$100.00 per hour for network configuration changes. Minimum - \$100.00
- *Construction fee where the anticipated present value of the net revenues over the first four years is less than required by the cost of the project. This contribution in aid of construction will equal the difference between the installation costs and the allowable extension costs.

*When construction fees are required it will also be allowable for this to be amortized over a three-year term at 8% interest with a required term of service of three years.

Terms and Condition of Service:

Service will be further governed by the Holland Board of Public Works Terms and Conditions.

Approved:

Board of Public Works, June 12, 2017
Holland City Council, July 19, 2017
